Calling Consortium Schools

You may call the consortium schools as before, however, the school prefix codes have been modified.

It was necessary to move the school prefix codes into a 100 group to allow calling into the 989 area code. The old prefixes have been modified by adding a "1" to the front of the old school prefix code and removing the third digit.

For example, COOR's which was 200, will become 120 and Alpena's which was 320 will become 132. I know this will add a bit of confusion, but getting free calls to the 989 area should be worth it.

If you have any problems, questions or concerns, please do not hesitate to contact me.

NEW Local Calling Availability

Wonderful News!

Our old ATM phone network has become a wide area network (WAN) phone system! From the schools, we may now dial anywhere in the (989) area code without cost.

You may call anywhere in the 989 area code for free. Dial your access code and then the number. Do not include the "1" or "989".

Example: To call Gaylord from Gerrish Higgins they would dial 4-732-0000

Please make a note of the new school prefix codes listed below.

	Old	New		Old	New
COOR ISD	200	120	AMA ESD	300	130
Crawford	210	121	Alcona	310	131
Fairview	220	122	Alpena	320	132
Gerrish	230	123	KCC	400	140
Houghton			MTEC -		
Lake	240	124	Gaylord	410	141
Mio-AuSable	250	125			
West-Branch	260	126			

* The new prefixes are included in the most current phone directory distributions.

Do not use for 911 calls! They may not go through and they will not register your location.
